

## I-Series

- Sits higher off the ground – Average 4.5” leg height
- Average seat height 16”
- More compact profile – Back height measures 28” when closed
- True zero wall clearance
- Dramatic 9-degree pitch (increase) creates cradling effect when reclined
- Distinct style for customers who love European styling, lower profile

## G-Series

- Sits lower to the ground – Average 3.5” leg height
- Average seat height 21”
- Standard back height measures 38” when closed
- Minimal 6” wall clearance
- Softer sit and more Americanized
- Classic styling
